

Freds Folly 6 Hour Outer Suburbagaine Final course notes

Hash House

The Hash House will be sited at 40 Edelston Road, Howard Springs.
Follow the Stuart Highway down to the Girraween Road roundabout, turn left into Girraween Road then take the first bitumen road (Edelston) on the left – Number 40 is on the right and will have rogaining signs on the gateway. Drive into the property and park anywhere amongst the scattered trees. The admin table will be directly adjacent to the swimming pool (Checkpoint 45!).

The Course

Contrary to the original notes, the course is now a ratio of 60% bush, 40% rural road/track. There is some pandanus lined watercourse and most bush is well burnt allowing fast progress and good visibility. Most dirt tracks are NOT shown and most fences ARE shown. Unless they contain a checkpoint, ALL fenced properties are Out Of Bounds, the large open area directly North of the Hash House being the exception. The course setter believes that most teams will clear the course, leaving more time for social goings on later.

Grub

Tucker will be available from 1800 hours and stay on till approximately 2230.

Timetable

1300: Maps available
1445: Drivers briefing
1500: Event start
1800: Chow's on
2100: Event finishes
2130: Results issued – post mortems – dog stories
2230: Kitchen closes – bar stays open

Camping

People not wishing to drive home tired are heartily invited to rock on with the organizers and our gracious host, Rose, then chuck down their swags/tents and stay the night – to be awakened Sunday morning by Andrew (peacock). Rose has also made Toilet and Shower available for anyone wishing to remove Howard Springs grime not taken off in the swimming pool.

The Map

The map is A3 1:20000 with 2 metre contour interval and cadastral boundaries, most of which are fenced. All occupied dwellings are shown, as are power lines AND powerpoles. Most cliffs and excavations are shown. Don't forget to bring clear contact or an appropriate map bag.

Good luck and ENJOY.
